3) Europeans were great shipbuilders and they wanted to get to India for spices

4) The countries England, France, were not interested in the west

5) Jefferson wanted to claim new land in the west because of the agriculture

6) The main purpose of the Corps of Discovery was to find the Northwest passage

- 7) The main contribution was that the corp was peaceful not a war party
- 8) The corps of discovery mapped missouri and yellowstone river. france the little missouri and powder river.
- 9) The first explores provided info about fur mapping the area
- 10) the sextant was used to find latitude and longitude.

-
- 1) The difference was that the Corps of Discovery was a military expedition.
 - 2) The expedition saw them as trading partners and as them to guide them.
 - 3) I think it must have been droning and were not stoked about going back
 - 4) I think they split up to learn more and that it was not wise because they could have died.
 - 5) I think the Rockies were much harder because they wouldn't be able to float down a river

-
- 1) There are lands not explored because there are still mountains in the rockies without names. New frontiers for people might be living in the rockies. We would want to explore new places for more land to build and see the lifestyle there.
 - 2) Commemorate refers to solemn or formal remembrance or to memorialize but celebrate refers to like a festive cheer. I think commemoration implies for like sad events whereas celebrate is more happy events. I think the difference is that one is used for happy times and the other is used for sad times.

-
- 1) The early explorers that traveled through my area were lewi and clark. Lewis and Clark were here because they needed to find the Northwest passage. Yes there is one i no of called the Lewis and Clark caverns. The one that is named after him is lewis and clark caverns.
