

- 1) Historical document
- 2) Modern opinion piece
- 3) The main objectives were explore the missouri and find the Northwest passage, map the region take longitude and latitude, learn about the people in the area, and plant an animal life.
- 4) The objective they did not meet was find the Northwest passage
- 5) Yes they did matter because they wouldn't be able to map it as well.We wouldnt know about all plants. They were also not the first people to explore Montana.
